

Orienteering Training Day

I am currently organizing a training day for everyone from beginners to the more experienced at Limpsfield Chart near Westerham. It is an area of mixed woodland with, in parts, intricate contour detail. It will involve practicing various orienteering techniques in the morning and will finish with a mixed relay after lunch. It is great chance to meet other orienteers and learn and practice all the techniques that it is so hard to do in a competitive situation!

When: 9:45am to start at 10am

Meeting Place: Tally Road, Limpsfield Chart, RH8 0TG

Date: Sunday 28th January 2018

Time: 9:45am – 3pm

Please let Allison Page know if you wish to attend either on coach@dfok.co.uk or allisonpage1234@googlemail.com by Wednesday 24th January. There is a pub on Tally Road, The Carpenter's Arms, where they serve bar snacks and lunches, so we can go there for lunch (<http://carpenterslimpsfield.co.uk>) Please let me know if you want lunch there so that I can book a table.

However, please bring plenty of drinks and warm clothes for the training part along with your compass!
